

## **Do Now: Paper Turtles**

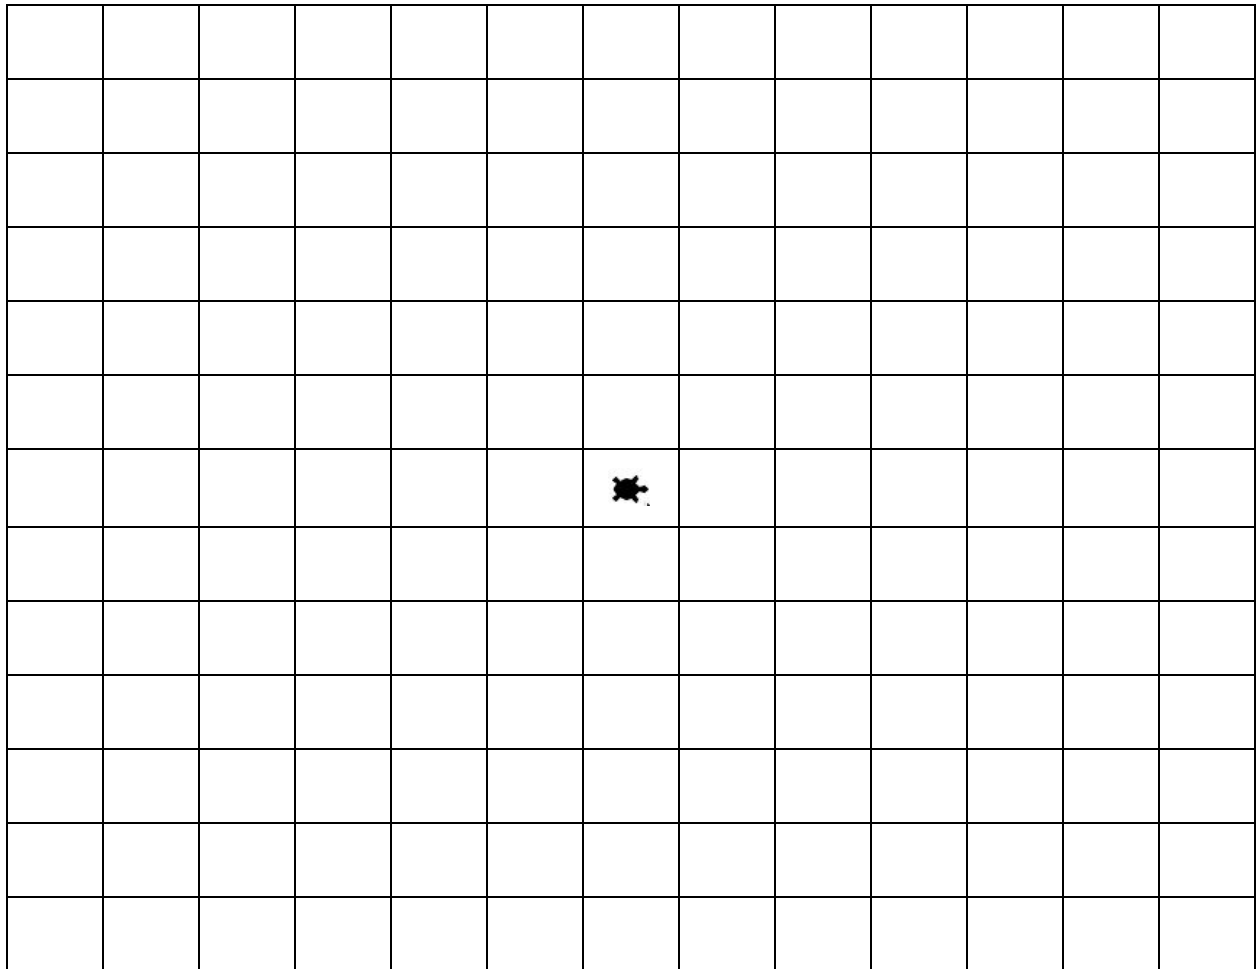

**Supplies:** Two paper turtles (“Teddy” and “Tess”), colored pens or pencils (blue, black and red).

Place the turtle, Teddy, on the turtle in the middle of the grid, and follow the directions below. Trace out the moves with a pencil.

1. Move Teddy 2 squares forward.
2. Turn Teddy left 90 degrees.
3. Move Teddy 3 squares forward.
4. Turn Teddy right 90 degrees.
5. Change the pencil/pen color to blue for Teddy.
6. Move Teddy forward 1 step.
7. Turn Teddy left 180 degrees.
8. Move Teddy forward 8 steps.

Let's use abbreviations for the turtle moves. Place the turtles, Teddy & Tess, on the turtle in the middle of the grid, and follow the directions below. Trace out the moves with a pencil.

- |                      |                         |
|----------------------|-------------------------|
| 1. tess.forward(3)   | 6. teddy.forward(4)     |
| 2. tess.left(90)     | 7. teddy.right(90)      |
| 3. tess.color("red") | 8.. teddy.color("blue") |
| 4. tess.forward(4)   | 9. teddy.forward(5)     |
| 5. teddy.right(90)   | 10. tess.forward(2)     |

**Paper Turtles to cut out:**
