

Do Now: Paper Turtles Loops

Supplies: Two paper turtles (“Theo” and “Tess”), colored pens or pencils (blue and black).

Directions: Place the turtle, Theo & Tess, on the turtle in the middle of the grid, and follow the directions below. Trace out the moves with a pencil.

1. Repeat 4 times:
 - a. Move Theo 2 steps forward.
 - b. Turn Theo left 90 degrees.
2. Change Tess’s color to blue.
3. Turn Tess right 90 degrees.
4. Repeat 4 times:
 - a. Turn Tess right 90 degrees.
 - b. Move Tess 4 steps forward.

The command `for i in range(4)` means repeat 4 times.

```
1. theo.color("red")
2. for i in range(4):
    a. theo.forward(4)
    b. theo.right(90)
```

Paper Turtles to cut out:
