# Do Now: Paper Turtles

Supplies: Two paper turtles ("Theo" and "Tess"), colored pens or pencils (blue, black and red).
Directions: Place the turtle, Theo, on the turtle in the middle of the grid, and follow the directions below. Trace out the moves with a pencil.

	Let's use abbreviations for turtle moves:
1. Move Theo 2 squares forward.	1. tess.right(90)
2. Turn Theo left 90 degrees.	2. tess.color("red")
3. Move Theo 3 squares forward.	3. tess.forward(4)
4. Change the pencil/pen color to blue for Theo.	4. theo.right(90)
5. Turn Theo left 180 degrees.	5. theo.forward(4)
6. Move Theo forward 8 steps.	6. tess.backward(8)

Paper Turtles to cut out:
